

AgileInsight

DATA MATCH

Effortlessly assess the breadth and accuracy of your database with Agile's automated Data Health Report.

SALES

- Focus team on selling, not data management + clean up
- Develop accurate, insightful territory + market penetration reports
- Eliminate dollars spent on contacts who have changed roles or left the profession

MARKETING

- Identify growth opportunities to expand marketshare
- Enhance lead scoring significance
- Reduce form abandonment
- Increase marketing reach and impact with accurate territory assignment

DATA MANAGEMENT

- Securely assess data accuracy + completion
- Easily identify meaningful insights from data visualization dashboards
- Leverage data analysis to inform sales planning + marketing strategy
